Mr. S. Morss,
RFD 3,
Bradford, Massachusetts 01830

Dear Mr. Morss,

This will acknowledge receipt of your letter advising us that you may have received CBOF's signal Christmas morning.

From the description of the programming you heard, I do believe you received the signal of a CBC french radio station. If the frequency was indeed 1250 khz then it was CBOF's signal. At midnight our French radio station (network) featured the live broadcast of the Midnight Mass from St Peter's Basilica in Rome, with Pope Jean-Paul II as celebrant. Following this service, we had "Réveillon de Noel" from approximately 1:15 a.m. to 6:00 a.m. This special program featured Christmas songs and music, so it does correspond to what you have heard. This broadcast originated from our Ottawa studios and was hosted by Denis Binet.

Thank you for taking the time to write to us. We are interested in knowing that our signal is at times received outside our coverage area.

Yours truly,
G. Ethier
(Mrs.) G. Ethier,
Public Relations Representative,
